

"Together We Cross the Bridge of Reconciliation"

Media Release: World Peace/Unity of Korea 10K Run/Walk

Policy Statement: Purpose of creation of "Sports Culture Academy Foundation" ["SPOCUAF"]

<http://www.spocua.com>

"The Sports Culture Academy Foundation" is a non-political, non-partisan, non-sectarian, non-violent, non-militaristic, pro-peaceful, pro-pacific and tranquil organization that supports and encourages the reuniting of the Korean peninsula through serene and thoughtful means. Our organization believes the encouragement of athletic Cultural Academic events that support these ends will be the future of all movements to bring together all human efforts that seek peace throughout humanity.

Saturday, October 7th, 2017 – the local Korean community in Hawaii of approximately 28,000 residents, is being expected to join in the peaceful reuniting of the sundered Korean Peninsula by the support of the non-profit athletic event of a "World Peace/Unity 10K Run/Walk" around Waikiki.

Since this event is based on peaceful means to bring the split Korean peoples together once again, we welcome and ask all Koreans (of any political, cultural or religious affiliation) to support this honorable cause. The time has come to, once again, see Korea as ONE NATION. We will do this by merging our interests and identifying ourselves as only "Koreans", through the support of this unique sports event.

Koreans are not only dedicated to the nation's reunification by thought, but are also ready to show their commitment to the peaceful union of Korea (The Land of Morning Calm). By their presence and appearance, can indicate to all of our foreign visitors just how important Korean reunification is to its people.

We look forward to having any and all local Koreans attend the event and join other residents of Hawaii to further advocate World Peace and the Unification of Korea.

Thanks for your interest,

Young Kim
